

**Vasilis Kolip**  
UX/Product Designer

Designing products with  
**user insights.**

## DESIGN & WORK EXPERIENCE

**VOICEMOD**

2022 - 2023

Senior staff product designer (full-time)

Voicemod is a B2C MacOS and Windows real-time voice changing app.

- User research & usability testing
- Collaborated with cross-functional teams
- Provided constructive feedback in critiques
- Started and maintained design system
- Conducted internal workshops

2021 - 2022

Senior UX designer (full-time)

At Meta Reality Labs I contributed to the development of cutting-edge audio and visual technologies following the acquisition of acouson.

- Designed user-centric experiences
- User research & usability testing
- Collaborated with cross-functional agile teams
- Iterative design processes to improve usability
- Design critiques

2019 - 2021

Senior designer (full-time)

Following Softomotive's acquisition by Microsoft, I carried working on Power Automate Desktop (included in Windows 11) a B2B automation building tool.

- Served as the principal designer of the agile team
- Led the UX design process
- Worked on iconography
- Emphasized on accessibility

2016 - 2019

Lead product designer (full-time)

ContactPigeon is a B2B SaaS e-commerce automation platform.

- Took charge of the entire UI/UX process
- Oversaw and worked on the design of key features
- Kept direct touch with users
- Collaborated with cross-functional teams
